

Convalescents

NEED VINOL

for it hastens recovery by creating strength

There is just one thing the matter with a person who has been sick—that is, weakness.

To all such people in this vicinity we recommend our delicious cod liver preparation, Vinol, as the very best strength creator for convalescents.

Vinol strengthens the digestive organs, creates an appetite, promotes sound sleep, makes rich, red blood, and builds up a depleted system to health and vigor.

This is because Vinol contains all the medicinal elements of cod liver oil with the useless oil eliminated and tonic iron added. We guarantee it.

Mother and Children Burned.

Rock Rapids, Ia., Dec. 12.—While Mrs. C. Rudolph was engaged in cleaning a coat with gasoline, near here, the gasoline exploded. Her five-year-old son was burned to death and a daughter 17 years old so badly burned that she can not recover. Mrs. Rudolph and her baby were also injured, but it is thought they will recover.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. is on every bottle.

RELATING TO AFFAIRS IN THIS AND ADJOINING STATES.

Straight Whisky Men Jubilant Over the Result of the Pure Food Investigation—Tobacco Pool Agreements. Other Matters.

Louisville, Ky., Dec. 12.—The commission on the purity of food will probably conclude its Louisville hearings today. A session will be held at Lexington Thursday, after which the members of the commission will proceed to formulate their report to the secretary of agriculture. The matter of preparing permanent definitions of food standards growing out of the present investigation will not be taken up until the commission visits some of the distilleries of Pennsylvania and Maryland and holds another session in some eastern city. The representatives of the blending and rectifying interests in Kentucky are not encouraged over the result of the investigation here, but the straight whisky men are jubilant.

Ran Past Depot.

Paducah, Ky., Dec. 11.—The fast Memphis-Louisville flyer of the Illinois Central railroad ran by the station here and crashed into a light engine waiting to take it out. Westfall of Tippecanoe City, O., three fingers mashed off; Jack Drumler, New York city; L. A. Lehman, Ellisville, Miss.; John Willingham, fireman, Paducah, sprained wrist and head cut; five months old son of Betty Sellers, Golconda, Ill., bruised on head.

No Danger of Lynching.

Knoxville, Tenn., Dec. 14.—The claim of William Henry, colored, wanted here on the charge of killing William Buckner, a white man, that he will be in danger of lynching if returned here, is without foundation. No sentiment indicative of the lynching spirit in this case has been demonstrated publicly or privately. If the negro is brought back here officers say there is no question but that he will be given a fair trial. Henry is in custody at Columbus, O., and made the anti-lynching plea in resisting extradition.

Can't Jump Pool Agreements.

Owensboro, Ky., Dec. 12.—In a decision Judge Burkhead holds that a tobacco grower who pools his crop with the American Society of Equity has no right to sell his tobacco except with the consent of the secretary. He granted the injunction asked to restrain the sale in question. A letter was received from J. A. Everett of Indianapolis, president of the Society of Equity, offering on his own account a reward of \$200 for the conviction of a person or persons who set fire to the Princeton warehouses.

The decision of Judge Benton was applauded by the spectators. Judge Beckner is 66 years old.

Battleship Kansas.

Rockland, Me., Dec. 14.—The battleship Kansas from the yards of the New York Shipbuilding company at Camden, N. J., more than fulfilled her contract speed requirements in her official screw standardization trial. Her highest speed was 18.3 knots an hour.

Father and Son Drown.

Chattanooga, Tenn., Dec. 14.—Strapping his 4-year-old boy upon his back, Charles Headrick sought to swim out of a roaring flood at McCays, Tenn., but became exhausted and both were drowned.

PORTO RICO.

President Roosevelt Sends Special Message to Congress.

Washington, Dec. 12.—President Roosevelt's special message giving the result of his recent observations in Porto Rico was delivered to the senate. The president says he was struck by the advancement made in education, the excellent character of the insular police and Porto Rican regiment, and the island's natural beauty and fertility. Last year he says was the most prosperous the island has ever known, the total exports and imports having been \$45,000,000. Sugar, tobacco and coffee are the principal commodities. The president says:

There is a matter to which I wish to call your special attention, and that is the desirability of conferring full American citizenship upon the people of Porto Rico. I most earnestly hope that this will be done. I can not see how any harm can possibly result from it, and it seems to me a matter of right and justice to the people of Porto Rico. They are loyal, they are glad to be under our flag, they are making rapid progress along the path of orderly liberty. Surely we should show our appreciation of them, our pride in what they have done, and our pleasure in extending them recognition for what has been done, by granting them full American citizenship.

Under the wise administration of the present governor and council, marked progress has been made in the difficult matter of granting to the people of the island the largest measure of self-government that can with safety be given at the present time. It would have been a very serious mistake to have gone any faster than we have already gone in this direction. The Porto Ricans have complete and absolute autonomy in all their municipal governments, the only power over them possessed by the insular government being that of removing corrupt or incompetent municipal officials. This power has never been exercised save on the clearest proof of corruption or of incompetence—such as to jeopardize the interests of the people of the island; and under such circumstances it has been fearlessly used to the immense benefit of the people. It is not a power with which it would be safe, for the sake of the island itself, to dispense at present. The lower house is absolutely elective, while the upper house is appointive. This scheme is working well; no injustice of any kind results from it, and great benefit to the island, and it should certainly not be changed at this time. The machinery of the elections is administered entirely by the Porto Rican people themselves, the governor and council keeping only such supervision as is necessary in order to insure an orderly election. Any protest as to electoral frauds is settled in the courts. Here again it would not be safe to make any change in the present system.

Cabinet Nominations Confirmed.

Washington, Dec. 13.—Following animated discussion, the senate confirmed the nominations of William H. Moody of Massachusetts to be an associate justice of the supreme court of the United States; Charles J. Bonaparte of Maryland, to be attorney general; Victor H. Metcalf, California, to be secretary of the navy, and Oscar S. Straus of New York, to be secretary of commerce and labor. The opposition to Messrs. Moody and Bonaparte, which had been raised in the senate by a number of Democratic senators, was not strongly pressed at the session. On the viva voce vote for Bonaparte, however, there were a number of negative votes on the minority side, estimated at about 15.

Dubois Against Smoot.

Washington, Dec. 14.—The senate listened to the second speech which has been made this session against the continuance of Reed Smoot as senator from Utah. It was delivered by Senator Dubois of Idaho who, after reviewing in detail the workings of the Mormon church and Mr. Smoot's prominent connection therewith, concluded with the charge that President Roosevelt had used the weight of his administration to assist the Republican-Mormon vote in the last election. A bill was passed providing regulations for fishing vessels to prevent collisions at sea. Adjournment was taken until Monday.

Senator Brown Dead.

Washington, Dec. 13.—Arthur Brown of Utah, former United States senator, who was shot in his apartments Saturday afternoon by Mrs. Anna M. Bradley of Salt Lake City, died at midnight at the Emergency hospital. Mrs. Bradley will be arraigned in police court on the charge of murder. Her attorneys will set up the defense that she was justified under the "unwritten law" in shooting Mr. Brown.

Burnham Found Guilty.

New York, Dec. 12.—George Burnham, Jr., a vice president and general counsel of the Mutual Reserve Life Insurance company, was convicted of larceny of \$7,500 of the company's funds. The prosecution and conviction of Burnham was an outgrowth of the investigation of insurance companies in this state by a legislative committee a year ago.

Brown May Pull Through.

Honolulu, Dec. 13.—It is stated here and has been reported to the United States government at Washington that two regiments of Japanese, completely outfitted, are in Honolulu disguised as laborers. Whether they are armed is not known.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.
